# ALL ROUNDER BATTERIES

Supercharge All Rounder AGM - the dual purpose battery you need for your Caravan, Marine and 4WD vehicles. Your reliable power source for all your Australian adventures.

Designed with AGM Technology, this starting and deep cycling battery is dependable and powerful.

## 1. Core X-Frame

- Thicker wave designed full-frame grids resulting to exceptional active material adhesion delivering 4x longer cycle life

## 2. Dynamic Black Carbon Technology

- 150% faster charging rate and supports vehicles latest charging control.

## 3. Advanced Tetrabasic Lead Sulfate

- Enhanced high density paste formulation ideal for frequent deep discharge usage achieving longer cycle life

## 4. Next Gen AGM Separator

- Designed for optimal plate compression resulting to extreme vibration resistance and leak proof feature
